Construction Announcement

Dear Faculty, Staff, and Students:

Due to the use of cranes and other large machinery for the seismic reinforcement and exterior wall renovation project of Student Dormitory 2, scaffolding will be assembled at the front of the building. As a result, the main entrance plaza (high-pressure brick area) will be temporarily closed to all vehicle traffic until July 10, 2025. Pedestrians are advised to use the pathway within the greenbelt and follow the instructions of traffic control personnel. We apologize for any noise and inconvenience caused during the construction period and appreciate your understanding.

1. During the scaffolding assembly work on the front side of the dormitory :**July 2, 2025 (Wednesday) ~ July 10, 2025 (Thursday)**, Usage will be resumed earlier if completed ahead of schedule.

2. Location : The front side of the Second Student Dormitory.
